SPECIAL TERMS & CONDITIONS OF THIS BI-ANNUAL CONTRACT

Keeping in view the guidelines enunciated by the Ministry of Finance, Department of Expenditure in the Manual of Procurement of Good & Services, 2006 in accordance with the new General Financial Rules (GFR), 2017, it has been decided to introduce the element of Price Variation for fuel-element (subject to maximum 50% of contract value, in accordance with these guidelines) at the time of regular half-yearly Wage-Revisions by the Ministry of Labour, Govt. of India. The **illustrative formula for price variation clause** is reproduced below, from the aforesaid **GoI, MoF Manual**, followed by **an illustrative example for using this price variation formula:-**

ILLUSTRATIVE FORMULA FOR PRICE VARIATION CLAUSE

The **formula for Price Variation** should **ordinarily include** a **fixed element**, a **material element** and a **labour element**. The figures representing the **material element** and the **labour element** should **reflect** the corresponding proportion of **input costs**, while the **fixed element** may **range** from **10** to **25%**. That portion of the price represented by the **fixed element**, will **not** be **subject to variation**. The **portions** of the **price** represented by the **material element** and **labour element** alone will **attract price variation**. The **formula for price variation** will thus be:

$$P_1 = P_0 \{F + a (M_1/M_0) + b (D_1/D_0)\} - P_0$$

2.

- Where **P₁** is the **adjustment amount** payable to the supplier (a minus figure will indicate a reduction in the Contract Price)
- **P₀** is the **Contract Price** at the **base-level**.
- **F** is the **Fixed element** not subject to Price variation.
- **a** is the **assigned percentage** to the **Fuel element** in the Contract price.
- **b** is the **assigned percentage** to the **‘Driver-charges’ element** in the Contract price.
- **D₀** and **D₁** are the **wage indices (as applicable for skilled Driver)** at the **base month and year** and at the **month and year of calculation** respectively.
- **F₀** and **F₁** are the **Fuel Price indices** at the **base month and year** and at the **month and year of calculation** respectively.

3. If more than one major item of Fuel (Diesel/Petrol) is involved, the Fuel element can be broken up into two components such as F_x & F_y.

4. *Following conditions would be generally applicable to Price Adjustment:-*

- (a) *Base dates shall be due dates of opening of tenders.*
- (b) *Date of adjustment shall be mid point of manufacture.*

- (c) *No price increase is allowed beyond original DP, unless the delay is attributable to the buyer.*
- (d) *Total adjustment will be subject to maximum ceiling prescribed in the contract.*
- (e) *No price adjustment shall be payable on the portion of contract price paid to the contractor as an advance payment.*

AN ILLUSTRATIVE EXAMPLE FOR USING PRICE VARIATION FORMULA

As per the clause 3 of the guidelines of Ministry of Finance on “Illustrative Formula for Price Variation Clause” reproduced at preceding Annexure-II, the Price Variation Formula should have only three elements viz. a Fixed Element (not to be less than 50%), Wage element (for skilled Drivers) and a Fuel Element (for Petrol/Diesel). The Fixed Element shall in such cases be **50% or more**.

Accordingly, in case of our IFB, inviting bids for Taxi-Hiring-Rate-Contract, it is decided to have the following three elements in our Price Variation Formula:-

- i) Fixed Element: *Irrespective of actual Hiring-Rate quoted by the Bidder, the Fixed Element (i.e. Monthly Hiring Rate, devoid of Fuel charges & Driver-charges) shall be kept at not less than 50%, for the purpose of calculating the admissible Price Variation figure.*
- ii) Wage Element: It will be the Monthly Rate for Driver-charges quoted by the Bidder. This element will be variable, exactly as per the Minimum Wages revised half-yearly (on 1st April & 1st October every year), by the Ministry of Labour, Govt. of India, for skilled Drivers..
- iii) Fuel Element: It will be the Monthly Rate quoted by the bidder for Fuel charges for minimum 1000 kilometres per month per vehicle. This element will be variable, exactly as per the Fuel Price (for Diesel/Petrol) revised from time to time, as per existing Govt. Rules and Regulations.
