

## Visit of DDG (AE &NRM), ICAR at ICAR- RCER, RC, Ranchi

(23<sup>rd</sup> November 2017, Ranchi)

Dr. K. Alagusundaram, Hon'ble Deputy Director General, Agricultural Engineering & NRM, ICAR, New Delhi visited the Ranchi Centre of the ICAR Research Complex for Eastern Region on 23<sup>rd</sup> November 2017.

During the field visit, he was appraised about the institutional activities through farms visit and exhibition of various technologies developed at the institute. While interacting with the scientists, he emphasised on popularisation of the technologies developed by the centre through building direct communications with the farmers and liasoning with line departments. He also suggested to develop an integrated system with a goal of doubling the farmers' income. Addressing to the scientists, Hon'ble DDG emphasized on popularization of vegetable varieties suitable for processing.

Earlier, Dr B K Jha, I/c Head, R C Ranchi welcomed the Hon'ble DDG and the Director, ICAR-IINRG on this occasion. Dr P Bhavana briefed about the recent research activities of the centre.

Hon'ble DDG appreciated the efforts by the centre towards research activities and dissemination of technologies to the farmers of the eastern region.
